What They Are Saying.

Fans believe that the management makes a mistake in releasing Wilgus. The tall boy from Ohio is a fast fielding man and has done good work here.

Dick Brahic showed yesterday that he is still the superior of Holycross. Holycross never could beat the Paducah Kid, although he had many trials with Cairo to do it.

Big Grover Land writes the sporting editor of The Sun, begging for a paper again. Land is sure enough home sick. He played Sunday with Toledo against Louisville and won by a score of 10 to 8. He caught a "rotten game," as he puts it, having two passed balls, but got a single, and helped some. Land says: "Wish I was back to help Old Paducah win another pennant."

Gus Bonno is said to be playing the outfield for an independent team in Cincinnati.

Piatt and Land defeated Louisville for Toledo again Tuesday by a score of 7 to 3. Land got a three base hit and Piatt a two base bingle. Piatt allowed 10 hits while Toledo got 13.

Buch Freeman allowed Canton, O. in the Central league, but three hits Tuesday. He won his game by a score of 2 to 1.

Harry Kubitz, who pitched for Henderson two years ago, is now pitching for Anderson, Ind., in the Interstate league. He won against Marion Tuesday 2 to 1.

The L. A. L. team will play Mound

Seven out of ten readers of this paper are tortured with piles or some form of rectal disease. You are, or you would not be reading this article. Thirty years ago doctors carried a lancet in their vest pocket and bled people for all sorts of diseases and bled them hard—sometimes a quart at a time. It was the fashion then. All that is changed nowadays and a doctor with a lancet would be considered a curiosity.

Five years ago doctors "cut out" Piles wherever they got the chance. All that has been changed since the marvelous soothing, healing and curative properties of Pyramid Pile Cure have become known.

By every mail we get letters like this:

"I want to tell you that it was the first thing that eased the terrible pain and itching and allowed me to have a night's rest for 7 long weeks. My husband immediately went to our druggist, Mr. Heinbach, and procured a 50-cent box. I am now cured and will always recommend you highly to every one. You actually saved my life. My mind, too, was almost gone from the pain. Yours gratefully, Mrs. Rose H. Stouffer, 1603 16th St., Moline Ill."

If you want positive proof of this send to the Pyramid Drug Company, 4629 Pyramid Building Marshall, Mich. You will receive a free trial package by return mail. Try it, then go straight to your druggist, get a 50-cent box and get well.

Saddle Horses at the Top.

From Farmer's Home Journal of May 5, we note that Col. David Castleman of Clifton farm, near Louisville, has sold the 3-year-old saddle stallion "The Moor" No. 1907, to Gen. Wm. Palmer of Colorado Springs for \$7,500.

"Another good sale of Kentucky saddle horses was made in New York this week. The consignment was from Shelby T. Harbison, of Lexington. The top price was \$1,250 for the gelding, Little Acorn. Big Oak brought \$1,025. The pair, Escort and Gallant, sold for \$1,250. Ben Greet brought \$700, Tolu \$900 and Senator \$700."

Also that "At Durand's New York Horse Show, in the saddle class, Pattie Palmer won first. She is by Chester Dare No. 10, fourth dam by Duluth." This saddle blood, in its highest perfection, is represented in this section of Kentucky by James M. Lang's horse Rebel Dare No. 1884, by the great Chester Dare, dam by a son of Red Squirrel, second dam by Duluth. Rebel Dare, while the highest bred horse, is also said to be the best saddle horse in Jackson's Purchase.

Mayor After Druggists.

Mayor Combs, of Lexington, is of the belief that an abnormal number of prescriptions for whiskey have been filled on Sunday by certain stores, and yesterday instructed the chief of police accordingly.

Red Cloud, the famous Sioux chief hero of a hundred battles, is now 86 years old, and appears to be in good physical condition excepting his poor eyesight and impaired hearing. He is nearly blind, but he has not given up hope that he will again be able to see well. With his optimistic spirit and ability to use his limbs he appears likely to live a number of years longer.

EXPENSE OF CITY SHOULD BE PAYING

Then Pole Setting Could be Regulated More Closely.

Dr. Brooks Sees Only One Way Out
of Tangle About Charging
Ground Rental.

QUESTION WAS UP YEARS AGO.

The board of public works in advocating a rental tax against telephone and telegraph companies has awakened one of the most vexatious questions in municipal affairs, and while it doubtless will meet with general approval, will involve many complications before it finally is settled.

Dr. J. G. Brooks, at one time one of the most active members of the council, is greatly interested in the move, not because of the desire of the board to assess such a tax, but because it will mean the solving of a problem which has long been a puzzle.

"Has the city got a right to give permission to telephone or telegraph companies to tear up pavements which are the property of private residents and then make the residents pay for repairing the pavement after it has been torn up for setting up telephone poles?" Dr. Brooks asked. "This is the question that has bothered the municipal officers for years. I remember sixteen years ago during Hon. Charles Reed's administration, that the same question was brought up and I supported Mayor Reed in his stand. We thought that the pavements should be turned over to the city the same as streets, and then the city could regulate and make the telephone and telegraph companies pay the damages sustained in tearing up pavements for setting out poles."

"The streets or a portion of them are paid for by the abutting property owners. The sidewalks are entirely paid for by the abutting property owners. The streets are turned over to the city for public use, but the pavements are retained as the property of the abutting property owners as far as expenses go. Pavements are used by the public as much as streets and I believe should be turned over to the city. Until this is done this matter of assessing the proposed rental tax will never be settled."

"It does not appear right for the city to grant privileges to corporations to tear up private citizens' pavements and then not require them to make repairs. I say turn the pavements over to the city and this matter can be regulated by the municipal boards. This question lately came into prominence in Chicago, and I see where the Chicago municipal boards have decided to consider the sidewalks public property and regulate telephone and telegraph pole setting, and all other forms of improvements that tear up pavements."

SHOT AT STATION

EXCURSIONIST FROM WATER
VALLEY GETS IN TROUBLE.

Case of Negro Youths Charged With
Snatching Purse Is Continued
in Police Court

Three defendants faced Police Judge D. L. Sanders this morning. Ernest Hindman, white, who resides near Water Valley, carried a pistol and was found with the weapon concealed in his pocket.

He had been at Dawson with the Water Valley Baptist Sunday school picnic and shot the weapon at the local union depot. Special Officer Patrick Kirk got him. The man failed to keep the pistol in his hand, which would have meant a fine of \$5 and costs for breach of ordinance, shooting in the city limits, but the concealed weapon offense carried a heavier penalty, \$25 and costs and ten days in jail. He was granted an appeal on the jail sentence.

The case against Dennis Rowlett, alias Riley, and Bartley Turley, colored, charged with snatching pocket-books, was continued until tomorrow.

Sir Thomas Lipton has had models made of the three Shamrocks, which he will present to the New York Yacht club at an early date. They are now being exhibited in London.
